YIMS DRAMA

is an extracurricular theatre program open to grades 5 - 8. We produce one musical per year and give our students opportunities to attend professional musicals and workshops at NO cost to them! Since 2016, 408 students joined as a cast member, making YIMS Drama the second largest activity in the school! Focusing on a supportive and encouraging environment, this program is designed with thought and care to be a safe and inclusive environment for *all* students - regardless of skill level. Last year, 50% of our students were participating in their first show ever.

Be a star in our story.
